MAKE CHRISTMAS EXTRA SPECIAL

With pride and a generous dose of holiday spirit, we present this year’s Christmas collection – our largest yet.

The collection keeps growing, but our core idea remains the same: Products carefully selected with the greatest possible consideration for both people and the planet.

Care, quality, and sustainability are always at the heart of what we do. We offer thoughtfully composed gifts, packaged in high-quality materials designed to preserve and enhance the contents – a Christmas gift that feels just as good to give as to receive.

As always, you can choose between two unique Christmas designs: Christmas in Mora – A traditional design inspired by the aesthetics of Dalarna. Christmas Carnival – A cheerful design inspired by holiday markets and festive fairs.

We print your logo on the design of your choice – simple, ready, and done. If you’d like to create your own unique Christmas gift, you’re of course welcome to submit your own design.

Print templates are available at borgstenaofsweden.se

Spread your brand with care
– make Christmas a little sweeter and a little greener.
